119274 DisplayPort 2.1 Cable, DisplayPort Male to Male, 5.0m, 16K/60Hz, 40Gbps, UHBR10, HDR10/HDR10+, HDCP 2.3, DSC, MST, Gold-Plated, PVC

Product Images

Short Description

- **Connector:** DisplayPort Male to DisplayPort Male
- **Standard:** DisplayPort 2.1
- **Max resolution:** Up to 16K/60Hz (with DSC)
- **Data rate:** Up to 40Gbps
- **UHBR:** UHBR10 (10 Gbps / lane)
- **HDR:** HDR10 and HDR10+
- **HDCP:** HDCP 1.4 / 2.2 / 2.3
- **Features:** DSC, MST
- **Backward compatibility:** DisplayPort 1.4 / 1.3 / 1.2 / 1.1
- **Build:** Gold-plated connectors, PVC jacket
- **Length:** 5.0m

Description

The 119274 DisplayPort 2.1 Cable is built for high-bandwidth video and audio transmission, enabling modern gaming, professional graphics, and multi-display workstation setups over a 5.0m run.

With DisplayPort 2.1 support and up to 40Gbps bandwidth, it delivers up to 16K at 60Hz

(with DSC on supported devices) and stays backward compatible with DisplayPort 1.4/1.3/1.2/1.1 for easy upgrades across existing GPUs and monitors. It supports HDR10/HDR10+ for improved contrast and color on compatible content, MST for multi-stream transport (daisy-chain / multi-monitor output where supported), and HDCP 1.4/2.2/2.3 for protected content playback.

For stable performance over longer distance, the cable is designed to reduce signal loss and interference, while gold-plated connectors help maintain reliable contact. A PVC jacket improves flexibility for routing and installation in office, studio, and home entertainment environments.

Additional Information

Max. Resolution.	16K/60Hz
Connector 1.	DisplayPort, male
Connector 2.	DisplayPort, male
Approval and Compliance.	ROHS, REACH
Package Contents.	DisplayPort 2.1 Cable, 5.0m
Color.	Black
Model Number.	119274
Cable Length.	5m
Dimensions (W x D x H).	61 x 21 x 5000 mm
Product weight (kg).	0.229
DisplayPort version.	2.1
